Describe the challenge and the solution:	<p>My challenge was to socialize the movie theater experience for the online buyer of tickets. I focused on online buyer's experience of a particular movie by asking him/her to upload a review about the movie Aquaman on any viable social media platform using the hashtag #eclipsecinemaAquaman. I wanted the customer to share their experience. Being that we did not have a budget for this, I utilized all readily available resources that everyone uses. This time around I want to get the people involved enough to win tickets and dinner for two.</p>
